Products Liability
Toxic Torts

EDUCATION

- >> State University of New York at Brockport - BS, summa cum laude, 1980
- >> State University of New York at Buffalo Law School - JD, 1983

A Senior Partner at Damon Morey LLP, Ms. Snider is a member of the firm's General Litigation Department as well as the Environmental and Products Liability Practice Groups. She concentrates her practice in the areas of environmental exposure litigation, environmental coverage, product liability and general negligence. She also serves as a member of the firm's Management Committee.

Her experience in the area of environmental law began in 1981 when she became involved in over 600 actions involving Love Canal litigation. Ms. Snider possesses extensive experience in massive tort actions. As counsel for numerous defendants, Ms. Snider has litigated thousands of claims for damages involving alleged asbestos exposure and has successfully tried such cases to conclusion. She has significant experience representing asbestos abatement companies in environmental coverage disputes in actions in both New York State and New Jersey. In addition, Ms. Snider's day to day practice involves the defense of companies and individuals in a variety of personal injury matters.

Ms. Snider is admitted to practice before all New York State courts and the federal courts for the Western and Northern Districts of New York. She is a member of the Bar Association of Erie County, New York State Bar Association, the Western New York Trial Lawyers Association and the Defense Research Institute. Additionally, Ms. Snider was named to Business First of Buffalo's Who's Who in Law List in 2007.

A frequent presenter, Ms. Snider recently served as a featured panelist at ALFA International's National Retail Conference held in June 2006 in Palm Beach, Florida. Some of her other speaking engagements include:

- > Products liability law issues - State University of New York at Buffalo's School of Law
- > Defense of risk managers' depositions at the Risk and Insurance Manager's Society's annual meeting
- > OSHA, State and Federal Regulations concerning indoor air pollution - New York State Gas Expo
- > Discussion of environmental exposure cases for Buffalo area physicians
- > Local coordinator and faculty member on products liability and faculty member on discovery - New York State Bar Association
- > Presenter on issues in asbestos litigation and on the defense of lead poisoning cases - American Society of Safety Engineers
